- Limited to 5 members per team.

Competition Format - Australian Titles

All participants will be required to compete in all three disciplines - belt pattern; speed drill; shield attack. Scores will be out of a maximum of 50 points per judge, then averaged.

Scoring will be an average of the three disciplines. For example, if you score 35 for your Pattern, 40 for your Speed Drill and 30 for your Shield Attack, your score will be 35.

By scoring in this manner, every Student has the chance of showing their best overall effort. If they have, for example, a bad Pattern section, they may be able to pull back some overall points in the other two disciplines.

To complete a Title Round:

- All Students will perform their Belt Pattern, completed once;
- All Students will perform their Speed Drill for 30 seconds continuously;
- All Students will perform Shield Attack Drill for 30 seconds.

Individual Contests

Students may nominate which discipline they wish to contest, but only those Students that have completed all three disciplines will be in the overall class for the Australian Titles.

Individual scoring will be out of a total of 50 by each of four Judges. The average of the Judges scores will decide the winner.
